Main Report Project

Group Details:

Group id:7

1. Gaurav Lodhi (MT19063)
2. Kastala Murali Krishna (MT19132)
3. Kolla Nikhil (MT190123)

Project urls:

1. Rdflib: Link: https://github.com/RDFLib/rdflib/

 Issues Links:

SPARQL Aggregate query not working #798

https://github.com/RDFLib/rdflib/issues/798

Can I use rdflib to identify semantically identical sparql queries? #949
https://github.com/RDFLib/rdflib/issues/949

Support for new specifications in OWL 2 #903

https://github.com/RDFLib/rdflib/issues/903

Turtle serialization of lists with BNodes #802
https://github.com/RDFLib/rdflib/issues/802

2. Extruct: Link: https://github.com/scrapinghub/extruct

Issue Link:

Handle badly formatted JSON-LD data. #87

https://github.com/scrapinghub/extruct/issues/87

Pull Links:

For rdflib 949

https://github.com/RDFLib/rdflib/pull/1099

For rdflib 903

https://github.com/RDFLib/rdflib/pull/1098

For extruct 87

https://github.com/gaurav19063/extruct/pull/1

Note: All issues reports are in Issues_Report directory please read them for detailed description. We also put modified library directory which contains all the required modifications to run all the issues.
